

Ashita Jain

Senior UX Designer, JP Morgan Chase | MSc HCI, UCL | Enterprise and complex design | 9+ years

London, UK | +44 07470 477657 | ashitajain.work@gmail.com | [Linkedin](#) | [Portfolio](#)

PROFESSIONAL SUMMARY

Senior UX Designer with 9+ years of experience designing complex enterprise products for Fortune 500 companies. Designed an agentic AI onboarding system, live across four JPMC regions, reducing client onboarding time by 45%. Received recognition for conversational AI design, sketchnoting & accessibility and mentoring 100+ designers.

EXPERIENCE

JP Morgan Chase, UK offices

Nov 2022 - Present

Senior UX designer, Asset and wealth management

- Designed an agentic AI system that analyses private-banking client onboarding data and documents for anomalies, reducing cases requiring manual review by 70% and onboarding time by 45%.
- Received a quarterly spotlight award for design-engineering impact, for optimizing design-to-development handoff time by 30% using AI-coded prototypes, giving engineers working components instead of static specs.
- Contributed to the design system by proposing AI form pre-fill interactions, actively used by 80+ designers.
- Redesigned private client's documentation journey with clearer information architecture, status, and actions, cutting approval time by 20% and reducing advisor-client back-and-forth.
- Designed an in-app chat feature between advisors and operations team, keeping communication and ticket context in one place instead of scattered across email. Cut turnaround time from 3 days to 15 minutes.
- Optimised the account setup funnel using Qlik Sense analytics, user research, and experimentation, increasing completion rates by 66% and doubling advisor satisfaction scores.

ServiceNow

Mar 2021 – Dec 2021

Product Designer

- Redesigned vulnerability response & security incident response applications, part of the cybersecurity suite leading to new revenue stream >100% YoY business growth.
- Created an interactive MITRE ATT&CK visualization platform, enabling ~70% faster threat detection and incident response, later adopted by Cisco, DNB Bank and other leading Fortune 500 companies.

ConnectLab.ai

Jul 2017 – Mar 2021

Founding designer

- Designed MiDigiWorld, a live learning app across iOS, Android, and web with 2M+ registered learners, shipped MVP in weeks and led design for chat, payments, discovery, and live session experiences across
- Designed and shipped an NHS telehealth mobile app in 6 weeks, used by 2,500+ doctors during COVID-19

SKILL SET

Design craft Interaction design, visual design, information architecture, journey mapping, accessibility (WCAG 2.1).

UX research User interviews, contextual inquiry, usability testing, heuristic evaluation

AI in design Design-to-code workflows, agentic system design, human-AI interaction patterns

Tools FigmaMake, Co-pilot, Miro, Jira, Confluence, HTML/CSS/React, VSCode

EDUCATION

University College of London UCL, London

2021 – 2022

MSc. in HCI | Dean's List award (Top 5%) for academic excellence.

DAIICT, Gandhinagar, M.Des in Communication design

2015 – 2017

Bhilai Institute of Technology, B.E in Computer science engineering

2010 – 2014
